## **Funny Looking Women Get Jobs If Hillary Wins Prez**

July 23, 2007

Hillary Clinton

Teresa Barnwell

Penny Pilcher

There's no guarantee that American women will prosper if a woman becomes President, but there's two ladies who have a better shot than most.

Teresa Barnwell has been a Hillary Clinton impersonator since 1993. She's appeared on "The Tonight Show with Jay Leno" and has received two Reel Awards (the "Oscars" for celebrity impersonators) - one for Best Actress in 2006, and one as **Humanitarian of the Year** in 1999.

England's most-prominent Hillary Clinton impersonator is Penny Pilcher. She's a client of the Splitting Images Lookalike Agency... home of the largest selection of celebrity lookalikes, famous doubles and professional impersonators in the U.K.

Good luck ladies! But to play it safe, you may want to ask Tom DiCesare how he handled his career after 2004.
